

Building True Health, **Together**

We believe everyone deserves the absolute best care, no matter their circumstances.

For more than 160 years, our not-for-profit healthcare collective has set the health and well-being standard for our community. We continue to raise this standard every day by helping anyone in need, members and beyond.

We believe that health insurance is much more than a perk or a benefit. That's why our health insurance goes beyond just numbers. Think of our plans as an extension of the care you already give your employees — a true sense of security, allowing your people to focus on their craft. We call this commitment to care True Health.

This commitment isn't solely about treating sickness, it's about investing in health. Providence leverages our own network of doctors, hospitals, clinics, and trusted partners, to deliver on the whole care picture — True Population Health. This means we intervene earlier, improve outcomes, lower costs, and better the health of our entire community. Because healthcare isn't a commodity service, it's a community pursuit.

We all deserve True Health
