We all deserve True Health

For more than 160 years, our not-for-profit healthcare collective has set the health and well-being standard for the community. We continue to raise this standard every day by helping anyone in need, members and beyond.

Health insurance is much more than a perk or a benefit. That’s why Providence Health Plan goes beyond just numbers. Think of our plans as an extension of the care you already give your employees — a true sense of security, allowing your people to focus on their craft. We call this commitment to care True Health.

This commitment isn’t solely about treating sickness, it’s about investing in health. Providence leverages our own network of doctors, hospitals, clinics and trusted partners, to deliver on the whole care picture — True Population Health. This means we intervene earlier, improve outcomes and better the health of the entire community. Because health care isn’t a commodity service, it’s a community pursuit.

We all deserve True Health
Our health equity vision

Providence Health Plan believes health is a human right and every person deserves the chance to live their healthiest life. Each year, we serve more than 6 million people of every walk of life. We value each member of the diverse communities we serve for their identity and experience.

And we are committed to meeting everyone’s unique needs.

Educating our employees and providers
We all have personal work we must do to understand our differences. To help achieve this goal, Providence collaborates with community partners to hold educational webinars and required bias training on a regular basis, and to get to know the communities we serve.

Health disparity informs care
To directly address health disparities and chronic conditions like hypertension and diabetes, we’ve developed multiple community and clinic-based efforts and are working to increase access to mental health services.

New programs increase access
Twelve different Community Health Worker programs and three mobile clinics have been launched in new service areas, aimed at increasing access to healthcare services that have been difficult for some communities to find or use in the past.

Updated provider directory
We know finding a provider that members can relate to hasn’t always been easy. So we have updated our provider directory with more search options, including race, ethnicity, gender identity and cultural competency training, to help them find the right fit.

Not an exact map of coverage: see pages 8 - 11 for network service area.
You can choose from a variety of provider networks, each designed to pair well with different health plan options. Our variety of networks — from patient-centered medical homes to expansive and comprehensive national coverage — means we have the solution for you.
These high-value networks put patients first

Providence Connect network

The integrated Connect network provides the best value offered in Oregon. It features more than 100 patient-centered primary care clinics in the Portland metro area and surrounding counties.

Connect also supports members with a tailored medical home provider network supported by the Providence delivery system that includes specialty and hospital care. Family members can also be covered as dependents on plans using the Connect network. That means coverage for students attending college in another state, or significant others who live in another city.

The Connect network now includes access to the Portland Clinic.

*The Cigna PPO Network refers to the healthcare providers (doctors, hospitals, specialists) contracted as part of the Cigna PPO for Shared Administration. Cigna is an independent company and not affiliated with Providence Health Plan. Access to the Cigna PPO Network is available through Cigna’s contractual relationship with Providence. All Cigna products are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company. The Cigna name, logo, and other Cigna marks are owned by Cigna Intellectual Property, Inc.

Providence Choice network

With Choice plans, members get a network of more than 400 primary care clinics covering a wide reach of Oregon and Washington counties. An integrated network using the medical home model of primary and specialty care also includes access to the nationwide Cigna PPO network,* and both our Providence delivery system providers as well as other local providers and hospitals.

Medical plans with the Choice network can include coverage for dependents, like family members who are attending college far away from home, or spouses who live in another city.

Choice members have nationwide access to the Cigna PPO Network.*
Coast-to-coast coverage begins here

Providence Signature network
For nationwide coverage, look no further than the Providence Signature network. It provides members with expansive in-network access to healthcare providers across the U.S.

A broad national network complements the Providence delivery system of 52 hospitals, more than 1,000 clinics and 25,000 physicians across seven western states.

Quality, nationwide network for out of area access
Through our relationship with Cigna, you will have peace of mind knowing your employees have access to nationwide coverage. The Cigna PPO Network* is not just a travel network. With our integrated in-house care management, we support access to care, cost containment and positive health outcomes.

- Access to over 1 million providers across the country
- Includes primary and specialty care, clinics, hospitals and labs

Providence Extend PPO network
If your business needs more extensive coverage, the Extend PPO network is designed specifically for you. This broad, comprehensive national network offers the largest number of providers and facilities of any Providence network.

Members who reside or travel outside of Oregon and southwest Washington will have access to over 1 million providers,** as well as coverage under the largest delivery systems in the Portland metropolitan area.

Open access PPO network featuring over 1 million providers nationwide

- Preferential contracts with Providence providers and facilities in Oregon and southwest Washington
- In-network access to some of the best major healthcare systems in Oregon, including Providence, OHSU, Legacy and Adventist

- Nationwide coverage with the Cigna PPO Network
- The full network is available to all enrolled members regardless of member’s residential address

Access to the quality Providence delivery system and a broad national network, plus OHSU and Legacy Health in Oregon.

**Cigna analysis of actual providers contracted as part of the Cigna PPO for Shared Administration as of December 2020. Data is subject to change.

The Cigna PPO network applies to the following market segments: Fully-insured SG and LG (OR domiciled employers only) and self-funded ASO employers. It does not apply to WA domiciled fully-insured groups or individual plans at this time.
There is no "one-size-fits-all" for group health plans. You can take comfort in knowing exactly what your fully-insured plan is going to cost each month, or increase your flexibility and control with a self-funded plan.

We offer fully-insured or self-funded

Check out your funding options
Increase your ability to plan ahead

Fully-insured plans

Fully-insured is the more traditional way to structure an employer-sponsored health plan. You pay a certain premium each month to Providence. With this plan, there is no additional risk to you. You know exactly what your plan is going to cost each year.

- Flexible benefits with a full choice of networks
- Recognized by NCQA, which measures a health plan's structure and process, clinical quality and patient satisfaction
- Health plan offerings include PPO, medical home and HSA plans

Gain more flexibility and control

Self-funded plans

Whatever the size and scale of your business, we have a solution that will take care of you and your people. With a Providence self-funded plan, you will have access to all of your claims and financial reporting, allowing you to manage your health benefit program like any other aspect of your business. If you're interested in moving from a fully-insured to a self-funded option, we will build a tailored program that's customized to the needs of your organization and facilitates a seamless transition without disruption to your employees' care.

- Member materials created by Providence Health Plan
- Options to manage HRA, HSA and FSA
- Benefit determinations and claims processing
- Management of benefits enrollment

Preferred stop-loss partner

You can protect your business from losses due to unexpected high-cost claims. Use one of our preferred stop-loss partnerships.

- Data-driven pricing based on proprietary network contracts and demonstrated, best-in-class claims management practices, validated by our partners
- Flexible contract terms and provisions to meet the unique needs of self-insured business
- Full management of the stop-loss relationship eliminating the administrative burden for you
Health Plan Offerings

- **Administrative Services Only (ASO) plans**
  - With self-funded plans, also called administrative services only (ASO) plans, Providence acts as a third-party claims administrator (TPA) for the group’s health benefit plan that includes Providence Health Care services and provider networks.

- **PPO/medical home/HSA plans**
  - Fully insured coverage where your company enjoys the benefits of our provider-negotiated rates, and pays a fixed rate (premium) throughout the contract period, based on the number of employees enrolled and type of policy.

Pharmacy options that save more money

Providence has been providing one of the best-in-class pharmacy management solutions for more than 20 years. We combine high-performance formularies and clinical programs with comprehensive, coordinated care to deliver lower costs to employers and beneficiaries. The following core components distinguish Providence from other providers:

### 01 Total spend management = lower net cost

Providence incorporates clinical and management best practices with a lowest-net cost philosophy to produce lower total spend for our customers. We achieve this through:

- Pharmacy costs that are $106 lower per member, per year, compared to the national average
- Excellence in evidence-based medicine (EBM), using the best available research to help make decisions about care
- A generics-first formulary supporting EBM
- Strong utilization management programs
- Optimally managed specialty and medically-infused drugs
- Market-leading discounts and rebate optimization programs

### 02 Direct-contract nationwide pharmacy network

Our nationwide network, which we manage directly, includes over 36,000 pharmacies, all located in U.S. States and territories. Members also have access to two convenient mail-order pharmacy solutions. Specialty pharmacies deliver specialty medications to all U.S. States and territories, as well. Their services include patient administration training and specialized medication handling.

### 03 Provider collaborations: Partnering with providers to optimize medication use

Our integration and relationships with providers allows us to develop unique quality and cost-containment strategies. Through shared analytics, we partner to identify opportunities that result in better health by optimizing medication use.
Plans to fit employees’ lives and lifestyles

Choose from a variety of plan options

HSA Qualified plans offer premium savings and encourage members to actively participate in decisions that affect their healthcare costs. Choice and Connect plans provide integrated care from the team at a medical home clinic. And, our Option Advantage plans offer a wide range of coverage and deductibles.
Robust coverage plans

Option Advantage Base
Check out our most cost-efficient plan. The deductible is waived for preventive services, ExpressCare virtual visits and prescriptions. These plans pair well with an HRA through HealthEquity.

Option Advantage Plus
Save more on services that members use most. This plan waives the deductible for specialist office visits, urgent care and allergy shots. X-rays and labs are covered in full for the first $500.

Option Advantage Premium
Even better, the deductible is waived for many more commonly needed services including: ER, routine immunizations, lab and X-ray, imaging services (PET, CT, MRI) and more.

Personal Option
Like Option Advantage Premium, it leverages coverage to in-network providers only, utilizing our Signature network. Many services are not subject to the deductible.

Premium savings plans

HSA Qualified plans
Our HSA Qualified plans — both embedded and non-embedded — offer affordable coverage. Pair them with a qualified financial institution for greater retirement savings since HSAs are owned by individuals, and never expire. Within this plan, pharmacy-embedded benefits include a safe harbor formulary providing coverage for most-needed medications before the deductible is met.

Connect plan
This plan, offered only in Oregon,* integrates seamlessly with our medical home clinics. Connect features lower costs thanks to integrated delivery, with non-Providence Primary Care Physicians (PCP) and specialists working together. It also links to select non-Providence clinics in the Portland metropolitan area.**

Choice plan
Choice plans provide integrated care from the team at a medical home clinic. Similar to the Connect plan,* the Choice plan leverages integrated care from the clinic, and it’s statewide!**

Preventing intensive treatment through increased behavioral health support

Behavioral health network
We value whole self-care for all members. That’s why we’ve established a direct access line to a 24/7 dedicated support team trained in crisis care to make care simple and convenient, from home or while traveling.

Talkspace
We’ve expanded our suite of virtual care services by adding Talkspace, a virtual therapy app that provides behavioral health and emotional wellness support through online counseling and therapy.
- Members choose how and when they communicate with a counselor through text, voice, or video that can be sent anytime, anywhere
- They can speak to a Talkspace counselor in their preferred language with a network that supports 32 different languages

Behavioral Health Concierge
Members call to speak with a liaison who will help schedule virtual and confidential appointments on the same day or the next day.
Service available in Oregon, Washington, Idaho, Montana, California and Texas.
- Help with common issues like stress, anxiety, depression, burnout, navigating the mental health system and more

Learn to Live
Learn to Live is a virtual self-directed program where members can take advantage of interactive resources that are confidential and accessible from anywhere.
- Offers 5 highly effective programs based on the proven principles of Cognitive Behavioral Therapy (CBT). Programs include:
  - Social Anxiety, Depression, Stress, Anxiety & Worry, Insomnia, Substance Use, Panic and Resilience

Care Management
The right care at the right time
Care managers help members better understand health challenges and support them on their journey so they can take a more active role in meeting their health goals. With these services, members will receive personalized support with health conditions including, but not limited to:
- Asthma
- Chronic obstructive pulmonary disease (COPD)
- Heart failure
- Coronary artery disease
- Diabetes

Care Management services also include:
- Assistance finding local healthcare services
- Personalized health education about a medical concern, including new innovations, medication therapy and symptom management
- Coordination with a provider and other members of a care team, as needed
- An individualized plan developed with members to help them reach their health goals
- Ongoing one-on-one telephone support
- Advice on general health and lifestyle choices to help reduce risks, including nutrition and exercise
- Encouragement and support to help through the easy, and not so easy, times
- Support with prior authorizations or provider referrals

Talkspace
80% of members found Talkspace to be as effective or more effective than traditional therapy

Behavioral Health Concierge
42% of members would not ask for help without this service

Learn to Live
44% improvement in psychometric outcomes, when working with a Learn to Live coach

Ongoing care needs
Our Care Management team of Registered Nurses (RNs), Social Workers, Clinical Support Coordinators and Technicians help members understand and manage long-term health needs — especially helpful for a cancer diagnosis, or chronic conditions like heart disease, asthma or diabetes.

Looking for a provider
Easily find the right doctor, specialist, pharmacy or care facility through our online directory.

New to Providence
Our Northwest-based Providence Customer Service team will help members make the most of their plan — even before membership begins. Some of the things we can do are:

- Help find in-network providers and specialists
- Seamlessly transition existing care
- Transfer prescription medication

myProvidence Member Portal
Provides members with secure digital access to manage and use benefits

- Find in-network providers
- Get a replacement ID card
- Estimate costs for medical, pharmacy and dental
- View claims and explanations of benefits
- View progress towards your deductible and out-of-pocket maximum
- Take a personal health assessment to learn where you are doing well and how you can improve
- Communicate with Customer Service via secure email and chat
- Access exclusive member discounts on fitness memberships, travel and more

Convenient access to medication
We are always adding locations to our preferred retail network and negotiating volume pricing. Our aim is to improve convenience and access to the medications members need. This helps members save time and money when obtaining prescription drugs.

- Preferred retail pharmacies
  With a preferred pharmacy, members usually pay less when filling a 30- to 90-day supply of medications. Nearly all our in-network pharmacies are preferred — including most major drug store chains.

- Specialty pharmacies
  Ordering specialty medications is easy and convenient with assistance from our specialty care coordination team. With access to the real-time benefits tool, a care team will help coordinate benefit plans, costs and access to medications so that members can achieve their health goals at the lowest net cost possible.

- Mail order pharmacies
  With many plans, mail order allows members to purchase a 90-day supply of medications at a reduced cost, and have them delivered directly to their home.
