

# Hello from your Providence Health Management team

Welcome to Providence Health Plan! It's nice to meet you.

Ensuring the well-being of the community means everything – to all of us. Your Health Management team is here to help you accomplish your goals and build a relationship grounded in trust and support. We're excited to introduce you to your **Health Engagement Coordinator, Kacie Pacheco**.

**I have been with Providence since:** August 2019

**I have a passion for healthcare because:** I have an innate desire to help others, spread kindness, teach and learn from each person I interact with. Taking care of our whole self is extremely important to me – physically, mentally, and emotionally. Everyone deserves to have someone cheering for them and their goals – I want to be that cheerleader.

**My education/background:** I have a Bachelor's degree in Business Management from Linfield College with a minor in Creative Writing. My background is in customer service and management.

**I love my job, but here's a bit more about me.**

**If it's the weekend:** I am either out walking or hiking or doing work in my yard and around the house. I love sipping wine at a local winery with family or friends, cooking, cozying up with a book, or watching a movie on the couch with my husband and two cats, Winnie and Willow.

**Fun fact about me:** I used to drive a red Volkswagen Beetle with my childhood nickname on the license plate "KC BUG."

Thanks for the opportunity to partner with you. I look forward to getting to know you better, supporting your goals, and helping the community discover True Health together.

Hi there, I'm...

**Kacie Pacheco**

Health Engagement  
Coordinator

For more than 160 years, Providence has aligned under a common purpose: to bring True Health to each member of the community.

True Health is a commitment to caring for the whole self: mind, body and spirit. The concept is rooted in the idea that the healthier each of us are, the healthier we all are.

**We all deserve True Health.**
