

Hello from your Providence Health Coaching team

Welcome to Providence Medicare Advantage Plans! It's nice to meet you.

Ensuring the well-being of the community means everything — to all of us. Your Health Coaching team is here to help you accomplish your goals and build a relationship grounded in trust and support.

We're excited to introduce you to your **Health Coach, Colleen Kuhn.**

I have been with Providence since: January 2018

My health coaching philosophy is: I help people get the root cause of what is keeping them stuck in their eating and lifestyle struggles, not just manage symptoms. I understand the grapple with stomach issues, sugar addiction, low energy, emotional health issues such as anxiety and depression, the lack of trust in oneself, the exhaustion of yo-yo dieting and personal un-fulfillment. I offer trustable guidance in taking the shame out of the process to finally heal your relationship with food & find food freedom. My Trauma-Informed approach includes helping people create an energized & balanced body, mind & spirit through the healing power of food as medicine. I am so excited to be your guide in creating more hope, connection, self-fulfillment, peace with food, personal freedom & more possibility in your life.

My education/background is: Bachelor's of Science in Nutrition & Dietetics, National Board Registered Dietitian since 2011, specializing in plant based & vegan nutrition, continuing education in Internal Family Systems Therapy.

I love my job, but here's a bit more about me.

If it's the weekend: Off on a self-development retreat or out in nature with my mini Austrian Shepard, Zinc.

Fun fact about me: I have a twin sister.

Thanks for the opportunity to partner with you. I look forward to getting to know you better, supporting your goals, and helping the community discover True Health together.

Hi there, I'm
Colleen Kuhn, RD,
Health Coach

For more than 160 years, Providence has aligned under a common purpose: to bring True Health to each and every member of the community.

True Health is a commitment to caring for the whole self: mind, body, and spirit. The concept is rooted in the idea that the healthier each of us are, the healthier we all are.

We all deserve True Health.
