

Hello from your Providence Health Coaching team

+ + +

Welcome to Providence Health Plan! It's nice to meet you.

Ensuring the well-being of the community means everything – to all of us. Your Health Coaching team is here to help you accomplish your goals and build a relationship grounded in trust and support. We're excited to introduce you to your **Health Coach, Will Bruce**.

I have been with Providence since: September 2005

My health coaching philosophy: I believe the better you understand your values, strengths, and motives – the better your success with making lasting healthy lifestyle changes. I help you to define what good health means to you personally, examine your conditions for success, and then create a realistic action plan to get you there.

My education/background: I am an American Council on Exercise - Behavior Change Specialist and an American College of Sports Medicine - Certified Personal Trainer and hold a Bachelor of Science in health sciences from Portland State University. I have an extensive background in personal training and group fitness instruction.

I love my job, but here's a bit more about me.

If it's the weekend: I'm probably either brewing coffee, lifting weights, or getting schooled by my son in Fortnite.

Fun fact about me: I am a Bitcoin enthusiast.

Thanks for the opportunity to partner with you. I look forward to getting to know you better, supporting your goals, and helping the community discover True Health together.
