

Mail-Order Pharmacy

Save time. Save money. Get more convenience.

As a Providence Health Plan Powered by Collective Health member, you can save time and money by using a mail-order pharmacy. You and your covered family members can get your maintenance and value (or preventive) medications delivered right to your door. As a reminder, getting a 90-day supply of medication is required by your plan.

Why use mail-order? Here's what you get:

Save money

- Get a **90-day supply** for **2.5 copays instead of 3** – that's instant savings.
- Some value (preventive) medications may have a \$0 copay, which helps you spend less.

Save time

- Skip the extra trips to the pharmacy. Your medications come **directly to your home**.
- Enjoy **free shipping** on your orders.

Make refills easier

- Use a **24/7 automated refill line**, so you can order refills whenever you need to.

Ready to start mail-order?

Pick one of the following mail-order options. Then, ask your doctor to send the prescription directly to the pharmacy you choose.

Costco Home Delivery*

Website: rx.costco.com
Need help? Call **800-607-6861** or email webpharmacy@costco.com

Postal Prescription Services

Website: PPSRX.com
Need help? Call **800-552-6694**

*You do **not** need to have a Costco membership to use Costco Mail-order Pharmacy.
