Important information about your plan

This is a medical home plan. You choose a medical home clinic, staffed by a team of health care professionals led by your primary care provider who coordinate your care. You may have higher out-of-pocket costs when you use services not coordinated through your medical home. You can enroll in this plan if you live or work (at least 50 percent of the time) in the plan's service area. Learn how to establish your medical home at http://join.collectivehealth.com/pebb-php .

This summary provides only highlights of your benefits. To view all your plan details, including your Member Handbook, http://join.collectivehealth.com/pebb-php

Not sure what a word of phrase means? See the last page of this summary for definitions.

Your deductibles, some copayments and services, and penalties do not apply to your out-of-pocket maximums.

Benefits for out-of-network services are based on Usual, Customary & Reasonable charges (UCR).

Limitations and exclusions apply to your benefits. See your Member Handbook for details.

Copayment does not apply to out-of-pocket maximums.
Coinsurance does not apply to out-of-pocket maximums.
Copayment does not apply to out-of-pocket maximums. Not cancer related.

Your guide to the words or phrases used to explain your benefits

Coinsurance
The percentage of the cost that you may need to pay for a covered service.

Copay
The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

Deductible
The dollar amount an individual or family pays for covered services before your plan pays any benefits within a calendar year. Your plan has both in-network and an out-of-network deductibles. These deductibles accumulate separately and are not combined. The following expenses do not apply to an individual or family deductible:

- Services not covered by your plan
- Fees that exceed usual, customary and reasonable (UCR) charges as established by your plan
- Penalties incurred if you do not follow your plan's prior authorization requirements
- Copays and coinsurance for services that do not apply to the deductible

Deductible carryover
A feature of your plan that allows for any portion of your deductible that is paid during the fourth quarter of a calendar year to be applied toward the next year's deductible.

In-Network
Refers to services received from an extensive network of highly qualified physicians and health care providers in the Providence Choice Medical Home network, available to you by your plan. Generally, your out-of-pocket cost will be less when you establish a medical home and receive covered services coordinated by your medical home. To find an in-network provider and find details on establishing a medical home, go to http://join.collectivehealth.com/pebb-php

In-Network provider
A physician or provider of health care services who belongs to the Providence Health Plan in-network provider panel. To find an in-network provider, refer to the directory available at http://join.collectivehealth.com/pebb-php

Maximum Cost Share
Maximum Cost Share means the annual limit on cost sharing for Essential Health Benefits as established by the Patient Protection and Affordable Care Act (ACA). Deductibles, copayments and coinsurance paid by the member for Essential Health Benefit covered services received in-network apply to the Maximum Cost Share.

Medical home provider
A full service health care clinic within the Providence Choice Network which provides and coordinates members' medical care.

Out-of-network
Refers to health care professionals who do not participate in Providence Health Plan's network of participating physicians and providers of health care services.

Out-of-Network provider
Any health care professional who does not participate within Providence Health Plan's in-network panel of physicians and providers of health care services.

Out-of-pocket maximum
The limit on the dollar amount you will have to spend for specified covered health services in a calendar year. Some services and expenses do not apply to the out-of-pocket maximum. See your Member Handbook for details.

Prior authorization
Some services must be pre-approved. In-network, your provider will request prior authorization. Out-of-network, you are responsible for obtaining prior authorization.

Self-administered chemotherapy
Oral, topical or self-injectable medications that are used to stop or slow the growth of cancerous cells.

Usual, Customary & Reasonable (UCR)
Describes predefined charges established by your plan for services that you receive from an Out-of-Network provider. When the cost of Out-of-Network services exceeds UCR amounts, you are responsible for paying the provider any difference. These amounts do not apply to your coinsurance maximums.
