INSTRUCTIONS FOR USE: Company reimbursement policies serve as guidance for the administration of plan benefits. Reimbursement policies do not constitute medical advice nor a guarantee of coverage. Company reimbursement policies are reviewed annually. The Companies reserve the right to determine the application of reimbursement policies and make revisions to reimbursement policies at any time. The scope and availability of all plan benefits are determined in accordance with the applicable coverage agreement. Any conflict or variance between the terms of the coverage agreement and Company Reimbursement Policy will be resolved in favor of the coverage agreement.

SCOPE AND APPLICATION

Provider Type:
☐ Professional Claims
☐ DMEPOS Suppliers
☐ All health care services billed on CMS 1500 forms
☐ All health care services billed on CMS 1500 forms, and when specified to those billed on UB04 forms
☒ Facilities
☒ All health care services billed on UB04 forms (CMS 1450)

☒ Medicaid/Oregon Health Plan (OHP)

SCOPE: Providence Health Plan, Providence Health Assurance, and Providence Plan Partners as applicable (referred to individually as “Company” and collectively as “Companies”).
POLICY STATEMENT

**Note:** the following policy statement does not apply to national networks or rented networks (e.g., Premera/BlueCard).

I. The transfer rule (criterion II.) applies when a member in an acute care inpatient hospital (with any MS-DRG) is:

A. Transferred to another acute care inpatient hospital or unit for related care (discharge status code 02 or 82); or

B. Admitted to another acute care inpatient hospital on the same date after leaving their designated hospital against medical advice (discharge status code 07); or

C. Discharged but then readmitted on the same date to another acute care inpatient hospital (unless the readmission is unrelated to the initial discharge*).

See Policy Guidelines for discharge versus transfer rules.

II. The Plan allows reimbursement for services rendered by both the transferring and the final discharging facility when criterion I. above is met. The following reimbursement methodology applies:

A. **For commercial and Medicare members:** transferring facility reimbursement is based upon a graduate per diem rate***(see Policy Guidelines) if there is no specific transfer language in the contract.

B. **For OHP members:** transferring facility reimbursement is based on the number of inpatient days spent at the transferring hospital multiplied by the per diem inter-hospital transfer payment rate (see Policy Guidelines).

C. **For all lines of business:** payment is made to the final discharging hospital at the full DRG payment rate.

*Where a transfer case results in treatment in the second hospital under a MS-DRG different than the MS-DRG in the transferring hospital, payment to each is based upon the MS-DRG under which the patient was treated.

**An exception to the transfer policy applies to MS-DRG 789. The weighting factor for this MS-DRG assumes that the patient will be transferred, since a transfer is part of the definition. Therefore, a hospital that transfers a patient classified into this MS-DRG is paid the full amount of the prospective payment rate associated with the DRG rather than the per diem rate, plus any outlier payment, if applicable.

Note: if a member is discharged but then readmitted on the same date to another acute care hospital for the same condition, the discharge is considered a transfer and transfer rules apply.

GRADUATED PER DIEM RATE (COMMERCIAL AND MEDICARE)²

For commercial and Medicare Advantage claims, transferring hospital reimbursement (i.e., the graduated per diem rate) is determined by dividing the appropriate DRG rate by the geometric mean length of stay (GMLOS) for the specific DRG into which the case falls.

The graduated per diem rate is two times the per diem rate for the first day of the stay and the per diem rate for every following day up to the full DRG amount. No payment is made for the day of discharge/transfer.

INTER-HOSPITAL TRANSFER PAYMENT RATE (OHP)⁴

For Oregon Health Plan (OHP) members, transferring hospital reimbursement is determined by the number of inpatient days spent at the transferring hospital multiplied by the per diem inter-hospital transfer payment rate.

The per diem inter-hospital transfer payment rate is equal to the DRG payment divided by the geometric mean length of stay for the DRG under which the member was treated. Payment to the transferring hospital will not exceed the DRG payment.
