Over the counter preventive drugs received from Participating Pharmacies cannot be covered in full without a written prescription from your Qualified Practitioner.

ACO Network Provider

Accountable Care Organization (ACO) offering a large network of providers – doctors, hospitals, clinics and more – that are accountable for the cost and quality of care they provide

- All St Joseph Health, Providence, Covenant, and Grace facilities and pharmacies,
- Providence, Heritage, SJH and Covenant Medical Groups and
- Walgreen's retail pharmacies and designated mail order pharmacy

Coinsurance

The percentage of the cost that you may need to pay for a covered service.

Copay

The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

Enhanced Preventive drug

Enhanced preventive does not include any drug or medication used to treat an existing illness, injury or condition. Enhanced Preventive drugs are subject to formulary as well as pharmacy management programs such as prior authorization, step therapy and/or quantity limits. Drugs indicated as Enhanced preventive on your formulary must be filled at PSJH's designated Mail Order pharmacy.

Formulary

A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

Health Reimbursement Account (HRA)

An employer-funded tax-exempt account established for paying qualified medical expenses.

In-Network benefit

The in-network benefit is an extensive network of highly qualified physicians and health care providers, also known as network providers, available to you by your plan. Generally, your out-of-pocket costs will be less when you receive covered services from network providers. To find a in-network provider, go to www.providencehealthplan.com/stihs

In-Network provider

A physician or provider of health care services who belongs to the Providence Health Plan in-network provider panel. To find an in-network provider, refer to the directory available at www.providencehealthplan.com/stjhs.

Medical/pharmacy deductible

The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The deductible can be met by using in-network or out-of network providers, or the combination of both. The following expenses do not apply to an individual or family deductible:

- Services not covered by your plan
- Penalties incurred if you do not follow your plan's prior authorization requirements
- Copays or coinsurance for any supplemental benefits provided by your employer, such as routine vision care
- Copays and coinsurance for services that do not apply to the deductible.

Medical/pharmacy out-of-pocket maximum

The limit on the dollar amount you will have to spend for specified covered health services (a combination of both in and out-of-network services) in a calendar year. Some services and expenses do not apply to the common out-of-pocket maximum. See your Summary Plan Description for details.

Out-of-Network benefit

Refers to services you receive from a non-network provider. Your out-of-pocket costs are generally higher when you receive covered services from non-network providers. To find a network provider, go to www.providencehealthplan.com/stjhs.

Out-of-Network provider

Any health care professional who does not participate within Providence Health Plan's in-network panel of physicians and providers of health care services.
