Your Benefit Summary

Providence

2022 SJH HRA Medical Plan - Southern California

Copay	What You Pay In Network	Out of	Calendar Year In-Network Medical/Pharmacy Out-of-Pocket Maximum	Calendar Year Out-of-Network Medical/Pharmacy Out-of-Pocket Maximum	Calendar Year In-Network Medical/Pharmacy Deductible	Calendar Year Out-of-Network Medical/Pharmacy Deductible
\$20	10%-25% coinsurance (after deductible)	50% coinsurance (after deductible; UCR applies)	\$3,300 per person \$6,600 per family	\$6,600 per person \$13,200 per family	\$1,150 per person \$2,300 per family	\$2,300 per person \$4,600 per family

Important information about your plan

This summary provides only highlights of your benefits. Certain limitations and exclusions apply. To view all of your plan details, including your Summary Plan Description, register for myProvidence at www.ProvidenceHealthPlan.com/getstarted.

- Not sure what a word or phrase means? See the last page for the definitions used in this summary.
- Your in-network and out-of-network deductibles accumulate together, as do your in-network and out-of-network out-of-pocket maximums, to meet the calendar year limits listed above.
- Your Calendar Year Medical/Pharmacy Deductible applies to your Calendar Year Medical/Pharmacy Out-of-Pocket Maximum.
- This plan may include a Health Reimbursement Account that can be used toward deductibles, copays and coinsurance.
- You may pay a lower coinsurance when you choose a participating Accountable Care Organization (ACO) provider or facility. For details go to www.providencehealthplan.com/stjhs.
- Benefits are based on Usual, Customary & Reasonable charges (UCR).
- Some services and penalties do not apply to out-of-pocket maximums.
- This plan summary highlights some of the features of this St. Joseph Health medical plan. This summary does not include all plan rules and details. The terms of your benefit plans are governed by legal documents. Should there be any inconsistencies between this summary and the legal plan documents, the plan documents are the final authority. St. Joseph Health reserves the right to change or discontinue its benefit plans at any time and for any reason.

Benefit Highlights	After you pay your calendar year deductible, then you pay the following for covered services:		
No deductible needs to be met prior to receiving this benefit.	ACO Network (Tier I)	Other In-Network Providers (Tier II)	Out-of-Network (Tier III)
Preventive Health and Wellness Services	_

Your guide to the words or phrases used to explain your benefits

ACA Preventive drug

ACA Preventive drugs are medications which are listed in our formulary and are covered at no cost when received from Participating Pharmacies as required by the Patient Protection and Affordable Care Act (ACA). Over the counter preventive drugs received from Participating Pharmacies cannot be covered in full without a written prescription from your Qualified Practitioner.

ACO Network Provider

Accountable Care Organization (ACO) offering a large network of providers – doctors, hospitals, clinics and more – that are accountable for the cost and quality of care they provide

- All Providence, Covenant, and Grace facilities and pharmacies,
- Providence, Heritage and Covenant Medical Groups and providers
- Walgreen's retail pharmacies and PPS mail order pharmacy

Coinsurance

The percentage of the cost that you may need to pay for a covered service.

Copay

The fixed dollar amount you pay to a health care provider for a covered service at the time care is provided.

Enhanced Preventive drug

Enhanced preventive does not include any drug or medication used to treat an existing illness, injury or condition. Enhanced Preventive drugs are subject to formulary as well as pharmacy management programs such as prior authorization, step therapy and/or quantity limits. Drugs indicated as Enhanced preventive on your formulary must be filled at PPS Mail Order pharmacy.

Formulary

A formulary is a list of FDA-approved prescription drugs developed by physicians and pharmacists, designed to offer drug treatment choices for covered medical conditions. The Providence Health Plan formulary includes both brand-name and generic medications.

Health Reimbursement Account (HRA)

An employer-funded tax-exempt account established for paying qualified medical expenses.

In-Network benefit

The in-network benefit is an extensive network of highly qualified physicians and health care providers, also known as network providers, available to you by your plan. Generally, your out-of-pocket costs will be less when you receive covered services from network providers. To find a in-network provider, go to www.providencehealthplan.com/stjhs

In-Network provider

A physician or provider of health care services who belongs to the Providence Health Plan in-network provider panel. To find an in-network provider, refer to the directory available at www.providencehealthplan.com/stjhs.

Medical/pharmacy deductible

The dollar amount that an individual or family pays for covered services before your plan pays any benefits within a calendar year. The deductible can be met by using in-network or out-of network providers, or the combination of both. The following expenses do not apply to an individual or family deductible:

- Services not covered by your plan
- Penalties incurred if you do not follow your plan's prior authorization requirements
- Copays or coinsurance for any supplemental benefits provided by your employer, such as routine vision care
- Copays and coinsurance for services that do not apply to the deductible.

Medical/pharmacy out-of-pocket maximum

The limit on the dollar amount you will have to spend for specified covered health services (a combination of both in and out-of-network services) in a calendar year. Some services and expenses do not apply to the common out-of-pocket maximum. See your Summary Plan Description for details.

Out-of-Network benefit

Refers to services you receive from a non-network provider. Your out-of-pocket costs are generally higher when you receive covered services from non-network providers. To find a network provider, go to www.providencehealthplan.com/stjhs.

Out-of-Network provider

Any health care professional who does not participate within Providence Health Plan's in-network panel of physicians and providers of health care services.

Participating pharmacies

Pharmacies that have a signed contract with Providence Health Plan to provide medications and other services at special rates. There are four types of participating pharmacies:

- Retail: a participating pharmacy that allows up to a 30-day supply of short-term and maintenance prescriptions.
- Preferred Retail: a participating pharmacy that allows up to a 90-day supply of maintenance prescriptions and access to up to a 30-day supply of short-term prescriptions.
- Mail Order: a participating pharmacy that allows up to a 90-day supply of maintenance prescriptions and specializes in direct delivery to your home.
- Specialty: a participating pharmacy that allows up to a 30-day supply of specialty and self-administered chemotherapy prescriptions. These prescriptions require special delivery, handling, administration and monitoring by your pharmacist.

Primary Care Provider

A qualified practitioner who specializes in family practice, general practice, internal medicine, pediatrics, obstetrics or gynecology.

Prior authorization

Some services must be pre-approved. In-network, your provider will request prior authorization. Out-of-network, you are responsible for obtaining prior authorization.

Usual, Customary & Reasonable (UCR)

Describes your plan's allowed charges for services that you receive from an out-of-network provider. When the cost of out-of-network services exceeds UCR amounts, you are responsible for paying the provider any difference. These amounts do not apply to your out-of-pocket maximums.

Virtual visit

Visit with a Network Provider using secure internet technology such as Providence Express Care phone and video visits or Web-direct Visits.
